

Children's Classes - Payment & Enrolment Policy at County Dance

Children's dance classes at County Dance are billed per term, with invoices issued in advance. To secure a child's place, full payment is required by the invoice due date.

Each child is entitled to one free trial lesson to ensure the class is a good fit. After the trial, the remaining weeks of the current term will be invoiced and must be paid in full to confirm the place.

Children may join classes at any point during the term or academic year, subject to availability. When joining mid-term, fees are calculated from the child's start date through to the end of the term.

Families with more than one child enrolled in the same term receive a 10% discount on the total termly invoice.

Classes are planned and costed on a termly basis. For this reason:

- Fees are not adjusted for missed lessons due to illness, holidays, school commitments, or other absences.
- We are unable to offer fee reductions or part-payments for selected weeks within a term.

Payment is accepted by bank transfer or cash.

If payment is not received in full by the due date, we may need to withdraw the place.

Thank you for your understanding. This policy helps us maintain consistent, high-quality classes for all our dancers.
